

Gerard Butler visits Slumdog kids in India!

MAY 3RD, 2009 BY ROSY

Gerard Butler spent a day hanging out with the cutie kids from *Slumdog Millionaire* on Saturday. The Scottish actor first met them while attending the Oscars earlier this year.

Rumors creeping out of India are that Butler is interested in beautiful Bollywood actress Priyanka Chopra. The 26-year-old is said to have thrown a farewell party for Butler on Thursday who has been in India for about a month scoping out filming locations.

Various local news are quoting Butler with having proposed to Chopra.

*"I'd love to date an Indian girl." When asked about his friendship with Chopra, he **said**, "I would've dated her but she has a boyfriend."*

She is rumored to be dating Shahid Kapoor, a fellow Bollywood actor who was also in attendance at this party and is said to not have minded Butler's advances.

Whatever his reasons, I'm glad these lovely children have not been forgotten.
